18th November 2019

Dear sir/madam,

We are pleased to inform you that, following the temporary suspension of accreditation (letter dated 13th August 2019) Yorkshire and North East Genomic Laboratory Hub (Y&NE GLH), Central Lab (formerly Leeds Genetics Laboratory) has had United Kingdom Accreditation Service (UKAS) accreditation of its DNA extraction facilities reinstated.

This reinstatement applies retrospectively such that all DNA samples extracted in the interim period (including those dispatched to other diagnostic centres for analysis) are now returned to scope for UKAS accreditation, and can be analysed and reported without any caveat.

If you have any questions in relation to this matter please contact the laboratory on (0113) 206 5205 or using the email address above.

Kind regards

Ian R Berry
Operational Lead

Yorkshire and North East Genomic Laboratory Hub (Y&NE GLH), Central Lab
