

Aliza

Programme Manager

About Iram

Aliza has held 6 different jobs during her 9 years at LTHT and even returned to us after only 9 months elsewhere because of our unmatched drive for digital transformation and fast-paced environment. Aliza's rapid career progression has been aided by completing a trust-funded Masters degree which has given her new skills she applies to her role every day.

Loves

- Establishing a shared digital vision with my clinical colleagues
- Identifying and improving any inefficient processes for the benefit of our patients

Challenges

- Breaking down the barriers that stand in the way of change
- Observing clinics and their processes to fully understand what changes will mean for them and the way they work

Day in the life
